The Unified Virginia Chiropractic Association Names Dr. Chris Bruno its 2011 Chiropractor of the Year

Afton, VA – On October 15, 2011, in conjunction with its Fall Convention in Williamsburg, Virginia, the Unified Virginia Chiropractic Association (VCA) named Dr. Chris Bruno its Chiropractor of the Year.

Chiropractor of the Year nominations are submitted to a committee comprised of the previous three recipients of this top VCA award. The committee described the final selection of Dr. Bruno as **“fast and easy”**, due to his relentless work on behalf of Chiropractic in northern Virginia and throughout the state.

Christopher A. Bruno, DC, owns and operates Alternative Care Chiropractic & Rehab Center in Reston, Virginia. Dr. Bruno initiated and then managed a project in conjunction with Advanced Imaging to collect and recycle old x-ray films from doctors. This one project alone has raised nearly \$8,000 for the Unified VCA's Legal and Legislative Fund and the Virginia C-PAC. For the seventh year in a row, he has sponsored more new members to join the Unified VCA than any other doctor. He has served on the Unified VCA Board of Directors as a northern Virginia District Director since 2004. Members know that Dr. Bruno is always available and anxious to help if they have questions or needs related to practicing Chiropractic in Virginia or participating in the Association. He was voted Unified VCA's District Director of the Year in 2005 and received a special Presidential Merit award in 2010.

For additional photos or details, contact Ms. Julie K. Connolly, Unified VCA Executive Director, at 540-932-3100 or via email at vcacentral@hughes.net.
